CONTRACTORS READY TO START

CITY ATTORNEY HALL SUBMITS CONTRACT FOR CONSTRUCTION OF TUNNEL TO ATTORNEYS OF SHATTUCK EDINGER COMPANY—WILL BE SIGNED THIS WEEK

CONTRACTING FIRM ANXIOUS TO BEGIN WORK AND HAVE CREW OF MEN NOW DRIVING STAKES TO MARK OUT BIG EXCAVATION—HAVE SECURED OFFICES

City Attorney Hall went to San Francisco yesterday and submitted drafts of the contract to be entered into between the city of Richmond and the firm of Shattuck, Edinger company for the construction of the big tunnel on the west side to the attorneys for the contracting company.

It is expected that the formalities of signing the contracts between the representatives of the municipality and the successful bidders for the big job will be consummated within a day or two.

A crew of surveyors of the contracting company were out yesterday driving stakes on the site of the proposed tunnel. They had data furnished by Engineer Haviland. A big shipment of machinery is expected to arrive in Richmond for the contractors within a week. This shipment will include air compressors and Burley drills for excavating the rock and tram cars for hauling out the dirt from the tunnel.

The firm of Shattuck, Edinger company has secured a lease upon one-half of the dining room of the Maxwell hotel, situated on Richmond avenue, near the site of the proposed tunnel, and offices will be immediately opened in this location.

MAD DOG BITES A LITTLE GIRL

The little ten-year-old daughter of Mrs. H. Williams, residing at the corner of Fourteenth street and Bissell avenue, is being watched very closely for signs of rabies, by the health officers, which may develope from several gashes inflicted on her leg by a mad dog yesterday afternoon.

Poundmaster Smith secured the dog after an exciting chase and has him confined in a separate kennel at the local pound.

The funeral services were conducted by Rev. D. W. Calfee of this city.

Following the services the body was taken to San Francisco where it proceeded by funeral car to Mt. Olivet cemetery where interment took place.

STANDARD OIL IS TO HAVE NEW OIL TANKER

The Standard Oil company of California has announced the signing of a contract with the Union Iron works of San Francisco for the construction of a 10,000 ton tank steamer, the vessel to be a duplicate of the new steamer Richmond, which recently arrived at this port from the Atlantic coast.

The contract was let to the Union Iron works in competition with eastern ship yards, and in announcing the award President Scofield of the Standard Oil company stated that his company was pleased to be able to have the steamer built locally, as it would be a distinct advantage to California industry, and would furnish work for a large force of mechanics who could not otherwise be employed.

STARTS NEW YEAR WITH 20 DAYS

T. O'Donnell, who was picked up in an intoxicated condition by Officer Munday last evening, appeared before Police Judge Lindsey this morning and pleaded guilty to a charge of disturbing the peace for which he was promptly sentenced to the county jail for 20 days. O'Donnell told his honor that he was an intimate friend of the Kaiser, the Czar of Russia and the King of England, but made no impression on the court.

The members of the West Side Women's Improvement club will hold their regular monthly dance on Friday evening, January 23rd. The affair will take place in Pythian hall and will be one of the most enjoyable that has been held by the ladies of that club for some time.

A party of local Democrats headed by W. F. Petillon, chairman of the Contra Costa county Democratic Central committee, journeyed to the metropolis across the bay today to attend a banquet given by the Democrats of Central California, who wish to give an expression of their enthusiasm over the splendid achievements of the national administration of President Woodrow Wilson, at the Palace hotel in San Francisco. WATER COMPANY WINS SUIT IN CONTRA COSTA COUNTY COURT

(Special to Record-Herald)

MARTINEZ, Jan. 7.—In the superior court this morning, extra session, Judge Sayre of Lake county presiding, the case of David Goodale against the Peoples Water company, filed over two years ago, in which the plaintiff sought to obtain a permanent injunction against the water company to prevent the latter from pumping water near the lands of the plaintiff at San Pablo and for $25,000 damages, was settled.

The decision of the court is a victory for the water company. Goodale was awarded $1 damages and will have to pay the costs of the action.

The water company is enjoined from pumping to exceed 300,000,000 gallons of water in any one year from the vicinity of the plaintiff's lands. This amount of water is about all the wells in the vicinity produce in a year.

Goodale set up in his complaint filed against the water company that the defendant corporation, by its excessive pumping of water, had drained all the wells in the vicinity of his property, including his own water supply.

M. R. Jones represented the water company and R. [illegible] Goodale's attorney.

VEHICLES MUST CARRY LIGHTS OR OWNERS WILL BE ARRESTED

Hereafter all bicycles, motorcycles and horse drawn vehicles are to carry light at night, showing in both directions or the owners will be arrested and fined not to exceed $100 or imprisonment not to exceed 100 days in the county jail.

Chief of Police Arnold has instructed all his men to see to it that the ordinance recently passed by the city council shall be rigidly enforced. The ordinance was enacted some time ago by the council and was occasioned by the number of accidents that have happened in this city in which autos have crashed into wagons not carrying lights.

The plant, it is said, will run full handed, as the market for its products is very active.

GAVONENTI FINED $50 FOR ASSAULT

J. Gavonetti, the ax-wielder, arrested several weeks ago and charged by A. Pucci with having inflicted a severe cut on the back of his head with a large ax, appeared in Police Judge Lindsey's court today and pleaded guilty to the charge of assault with a deadly weapon for which he was fined $50.

R. Veale and District Attorney A. B. McKenzie of Contra Costa to have Wilson brought to the bedside of his sister. The girl has been seriously ill for several weeks at her home at Clayton, Contra Costa county. Efforts are being made to have Governor Johnson sign an order which will allow Wilson to return to his old home for a day.

RITCHIE SELLS STOCK TO HEIDORN

E. Heidorn, the well known cigar manufacturer of this city, has taken over the entire stock of Charles H. Ritchie, who has been in the cigar business at 1425 Macdonald avenue for the past six months.

Heidorn will combine the several brands that Ritchie had on the market with his own in an endeavor to solicit the patronage of the Richmond people.

The whist party which was to have been held this evening by the ladies of St. Marks church has been postponed until Wednesday evening, January 14th.

STANDARD OIL TO HAVE A FIRE BOAT

BIG OIL CORPORATION TO ACQUIRE UP-TO-DATE FIRE FIGHTING CRAFT FOR USE ON WATER FRONT OPPOSITE REFINERY—WILL BE GREAT HELP IN CASE OF TROUBLE

FIRE BOAT TO BE EQUIPPED WITH POWERFUL PUMPS AND LATEST FIRE FIGHTING APPARATUS—WILL BE CAPABLE OF DISCHARGING 15,000 GALLONS OF WATER PER MINUTE

It is said that the Standard Oil company has let a contract with the Union Iron works for the construction of an up-to-date fire boat to be used on the waterfront in Richmond opposite the big refinery.

It is the aim of the officials of the Standard Oil company to safeguard the big refinery in Richmond against a conflagration that would probably wipe out the entire waterfront improvements of the company and endanger the costly deep sea craft usually tied up at the long wharf of the company.

The boat, it is said, will be the latest thing in marine fire-fighting and will be equipped with powerful pumps and twelve lines of hose. The pumps will be capable of discharging 15,000 gallons of water per minute and will be able to handle the biggest kind of a fire on the waterfront of Richmond.

FORESTERS WILL HOLD INSTALLATION

The Independent Order of Foresters of this city will hold their annual installation of officers in Sequoia hall on Friday evening, January 16th.

The installing of the new heads will be in charge of High Chief Ranger J. P. Murphy, and High Secretary E. N. Cameron. At the close of the evening's affair a banquet will be served by a committee in charge.

FIRE LADDIES TO PLAY WHIST SOON

The members of Fire company No. 1 will hold a whist party in the reception rooms of the Fire hall on Friday evening, January 16th. The affair promises to be one of the best that has been held by the fire laddies for some time.

The committee which will have charge of the evening's affair is composed of Bert Curry, Al. Mason, Fred Smith, Mrs. Theis and Mrs. R. Peasch.

The police of this city have been on the lookout for the bandit Lopez, who several weeks ago killed several men in Utah and who since that time has been seen in the vicinity of San Jose. Several of the local officers instituted a search through the Mexican railroad camps of this city today in the hopes that he might have sought protection by hiding with some of his fellow country men.

"To Observations Which Ourselves We Make, We Grow More Partial for the Observer's Sake."

THE HEN IS A FOUR-FLUSHER

This scribe has been experimenting for a year past with chickens and eggs, and is now able to testify that as a get rick quick proposition the great American hen is a good deal of a fraud. The trouble with the hen is that, like some other female critters, she is stubborn, and lays eggs when they are cheap and won't lay them when they are dear. Boiled down, the net result of our experience is that if chickens and eggs are made a by-product by a farmer who raises the feed himself, instead of buying it, there is good money in them, and otherwise not. If you buy the feed, they eat their bloomin' heads off several times a year in spite of any and all efforts to prevent. A dozen hens to eat up the table scraps is all right, but more than that is a delusion and a snare to anybody not on a farm.

For years the credulous public has been regaled with statistics from the agricultural department seeming to show that great fortunes were to be made in hens and eggs. Ingenious experts have demonstrated again and again that the humble hen if given a chance would soon pay off the national debt. Poultry journals, supported largely by hen-food advertising, have been firing their readers with enthusiasm for going "into the business of raising eggs for the market scientifically," with great emphasis on the scientific part, which generally means large purchases of somebody's preparation for making hens lay whether they want to or not. Glowing pictures have been painted in print of dutiful hens working overtime with eggs at 50 cents a dozen. Thousands of householders have believed every word of it, and for several years there has been a boom in henhouse building, in making of incubators and in the sale of egg-producing foods. But somehow or other nobody seems to have got rich out of it except the people who make the foods and build the incubators. The hens have consistently and stubbornly refused to be bribed or bullied into working overtime, and when the price of eggs was high they have with complete accord gone on strike and refused to settle down to laying.

This matter has been a mystery that has puzzled the United States agricultural department and many learned highbrows, but in reality there is no mystery or secret about it. After trying it out for quite a while we have demonstrated to our own satisfaction that when eggs are high the dear hens will not lay, for the very simple reason that because the hens do not lay is why the eggs are high. And for finding out and publishing this mathematical problem and fact we are not going to charge the government or the universities a cent.

The first move to be made by the government toward a solution of the trust problem should be a compulsory wringing of the water out of every corporation. Nine out of every ten of the big corporations are stocked many times higher than they should be. Three-fourths of their stock is water and represents no real capital invested whatever—nothing but blue sky and hot air. The United Properties company, capitalized at two hundred millions, is one nearby example. On all this fictious valuation and incorporation the people are taxed unjust rates and prices to pay dividends, not on actual investment, but upon over capitalization.

The glass and textile interests in the east are up in arms declaring that they will be ruined if they are not allowed to work children under sixteen years of age more than eight hours a day and at night. Then let them be ruined, and the quicker the better. Better such grasping trusts be ruined than that the little children be ruined, if either have to be. It is a wonder the white slavers are not setting up a yell about their business being ruined because laws are being passed to prevent them ruining the young maidenhood of the country.

Selfishness, swoolen wealth and greed, combined with class interests, are the causes of the misery of the masses of the people of the old countries, and that is exactly what the people of America has to fight and guard against.

A GOVERNMENT RAILROAD

Secretary of the Interior Lane, of California, is in the modern trend when he expresses himself in favor of government owned railroads in Alaska. The undeveloped wealth of that country is incalculable. For one thing, there are 65,000,000 acres of rich and tillable land where the grass grows waist high every year. There are coal deposits of immeasurable extent, and there are herds of reindeer sufficient to almost furnish this whole country with meat. All this can be opened up and rendered accessible by a railroad to tidewater.

Big business under the Guggenheim regime captured all this vast wealth at one time and was about to get away with it when a halt was called by the government. Big business hoots at a government-owned railroad, and cries out "paternalism." It thinks it is a great crime for the people, through their government, to own their own natural resources, but thinks it is all right for a few exploiters and land-grabbers to take over these resources and manipulate them as their own.

If the government at the outset had built a trans-continental railroad instead of giving private individuals the money with which to do it, and millions of acres of land, which are now exceedingly valuable, we would have fewer multi-millionaires, a less shameless display of grossness and insubordination of wealth and a better distribution among the masses. Indiscriminate government ownership of transportation lines is hardly ripe for picking yet, but Alaska is surely a good place in which to try one out as as experiment.

Don't bother father, dear, just now;
His bills are none too light,
And if you stir his feelings up
He's very apt to bite.

If we could see ourselves as others see us, some of us would wear a mask.

Hard work is the sugar of life, but it is surprising how many people prefer lemons.

About the time a man gets a pair of patent leather shoes broken in the patent expires.

Today's word is hard enough; don't add to it worry over tommorrow.

If the world owes you a living, and probably it does, all you have to do is to shuck your coat and go to work like blazes and collect it.

After the average man reaches 40 he gives up hoping for an easy time and gets down to hard and steady work.

After reading over "Who's Who," a wicked exchange remarks that it believes it would be more interesting to hear "Here's How."

It has been discovered that the college yell originated among the universities of ancient Rome. No wonder Rome fell.

The comptroler of the currency reports that the percapita wealth of the country is 22 cents greater than it was a year ago. Now, who in thunder has got our 22 cents?

It is said that it will require $37,000,000 to put the finishing touches to the Panama canal. And Uncle Sam will likely be touched a good many times before the end.

Even his political opponents now concede that President Wilson is destined to rank among the greatest chief executives the Republic ever had. That he is fully worthy of the high honor the American people have conferred on him everybody now admits.

It is absurd that a fellow can't go down here to the bay and fish with a hook and line without first taking out a license and paying a tax. There would be just as much sense in taxing him for going out to gather a basket of greens on the meadows.

CONTRA COSTA COUNTY NEWS

MARTINEZ

When Sheriff Veale received a wire from Congressman Curry that the Richmond harbor project had met with favorable report by the government harbor officials, he forgot his dignity, age and pretty nearly everything else, so delighted was he over the glad tidings, and he danced a regular tango around the offices before calling up the head men of Richmond by phone and offering heartfelt congratulations. The sheriff has been a hard worker for this project.

On the 5th inst., Auditor Sullenger's books showed that the county had $543,256.51, and Treasurer Rio Baker had 14 cents more than that amount. We trust he will not spend that 14 cents in riotious living.

Daniel Ryan, chairman of the Progressive party, heard that County Clerk Wells had refused to register somebody as "Progressive," and insisted that it be "Progressive Republican," and so kicked up a fuss about it. Wells called him down with a flat denial of the charge, stating that up to that time nobody had applied to register at his office other than as Republican or Democrat. Mr. Ryan is like many other Bull Mooses—makes a very loud moo.

Martinez is evidently not in favor of recalling Senator Owens, as less than a dozen in the whole town signed the recall petition.

Prominent attorneys have been going over the personal property tax rolls of the county in Martin Joost's offices lately, gathering data to be used in the single tax campaign to be waged in the next legislature.

The tax collector's office is going to show up the millionaires of this county who are liable to get caught by the new income tax. Rugg, Sharkey and the court house gang are all immune and can prove an alibi. The only millionaires we know of in Martinez are Dunkle and Jim Rogers, and it's mostly hallucination with them. Charley Bacon also pleads not guilty.

Martin Joost, having won the silver cup at the big clay pigion shoot given by Fred Burnham of Alhambra, will now negotiate with William Jennings Bryan for some grape juice to put in it. There ought to be juice in a Joost cup.

Martinez goes into the new year with prosperity staring it in the face in spite of anything it can do. Ground wet, crops good, two or three new factories nibbling at the bate and likely to be landed, new building going on, meat in the larder, taters in the cellar, whiskey in the jar and more behind the bar, money in the banks and peace and contentment in the hearts of a generous people.

CONCORD

The town trustees, the Business Men's association and Supervisor Vincent Hook of the county board are having a parrot and monkey time about the extension of Salvio street to the railroad. G. W. McNear donated the land for the extension, but demands fences, sewers, sidewalks and other improvements, which, being out of the town limits, will fall upon the county, and to this Hook objects. A comprmise will probably be effected and condemnation proceedings take the place of the donation.

Arrangements are being made to give a minstrel and vaudeville show for the benefit of the library.

Architect Reid reports $80,000 worth of new buildings erected in Concord during 1913, and that he is now at work on plans for $25,000 more. The Majestic theatre costing $12,000 and the Bacon block at $20,000 were two of the best buildings put up last year.

Guy Green, banker, has gone to Lincoln and will put in a bank there. He was a good citizen and will be missed by the Concord people.

H. F. Strachan, of Alameda county, is to locate a large dairy between Concord and Walnut Creek and supply both towns with milk. Elbury and Holcomb are trying to get him to put some "nog" in it, but owing to the diversity of sentiment on that subject in and around Concord at the present time he will not doctor the fluid but serve it just as the cows furnish it.

The Transcript, noting that a new currency bill has ben passed, wants to know where the currency is. The Transcript has too doggone much curiosity.

Levison and Son have retired from the management of the Concord Department store and have embarked in business for themselves, in which this paper wishes them success.

About eleven inches of rain has fallen to date around the Concord section, much to the delight not only of the prohibitionists but everybody else.

WALNUT CREEK

The Courier has put in a linotype machine and enters this frisky new year as frisky as the year or anything that is frisky. Editor Crompton was down here at Richmond Tuesday and we asked him how he figured to come out even on a $3,000 expense like that, as he could get a pretty girl to set type all the rest of her life for that amount. He said he had a lot of outside contracts, and, also, there was always the doubt as to whether a fellow's better half would take kindly to having pretty girls around the shop.

Walnut Creek has had six inches of rain during the past thirty days and it is still coming down. Those who are not web-footed are building stilts and life preservers. It is great for the farmers, though, and bumper crops are assured.

The Business Men's association is mapping out a plan of campaign of activity for the present year that promises to keep the flies off of Walnut Creek, bring in new settlers and introduce many improvements in the town. Mr. H. F. Spencer is the president, and "Live-Wire" is his middle name.

The Oakland Antioch railroad has been badly handicapped by the recent heavy rains, as portions of its right of way betwen Oakland and Walnut Creek, especially in the tunnel vicinity, were rendered dangerous and almost out of commission. Crews of men are at work and are getting things in pretty fair shape again. This road will be instrumental in doing much to build up the Mt. Diablo country with home owners along its line from now on. Many people doing business in Oakland will build homes out there and go back and forth, the same as hundreds do to Burlingame from San Francisco.

PITTSBURG

In summing up the past year, the present condition and the future outlook for Pittsburg, the Post, of which Joe Tracy is editor, and Joe is some prophet as well as poet, takes a most optimistic view of the situation, as well it might from the showing already made. It is pointed out that the farmers have had good crops and are going to keep on being good; that the manufacturing interests have done well and will not only increase their production during 1914 but the chances are bright for the location of several new plants at Pittsburg, the first new one to probably be a starch and glucose factory. Pittsburg is ideally located for this kind of thing, and with two great rivers and two good railroads, as well as a fine surrounding country, there is every reason to expect it to forge ahead.

Pittsburg has a new hotel, named after the town, with Thomas Kane as proprietor. We'll be up and sample its wares some of these days.

The Women's Improvement club has installed eight new sectional bookcases for the county free library in the town hall, and are fixing up for a library that Pittsburg will take much pleasure and comfort with. County Librarian Mrs. Whitbeck will keep a goodly supply of books there and the club has 500 volumes which were donated to it by Sumner Crosby. The opening of the library and a public reception by the club will take place in a few days.

The recent hard rains put the skating rink out of business for a spell, but several fellows managed to get somewhat of a skate on during the holidays.

Everybody is feeling good over the bright outlook for the new year.

PROCEEDINGS IN THE POLICE COURT

M. Parrera, who was cited to appear in the police court yesterday to answer to a charge of battery, preferred against him by Guisseppe Guinard, failed to show up and forfeited the $20 cash bail which he had put up on his arrest.

THINGS ALL OUGHT TO KNO

As Christian Bible Students—The Satisfactory Proof of "Why God Permits Evil"

One of the questions which comes to nearly every thinking mind today is, "Why does God permit evil?" As we look about us in the world we observe that it is filled with sorrow and trouble, sickness and pain and every trial we could enumerate, and we cannot help wondering WHY GOD ALLOWS IT. We realize that He is almighty and that He could prevent it if He wished. We read in His Word that He is more willing to do for His children than are earthly parents for theirs, and we know how much that means; yet oftentimes it seems that those who try to do and live right have the most trouble. This question is made very clear in a book entitled, "The Divine Plan of the Ages." Every statement is backed by Scripture, and shows that while God does not sanction evil HE HAS HAD A PURPOSE IN ALLOWING SIN AND DEATH TO REIGN THESE SIX THOUSAND YEARS. This and many other subjects of deep interest to all of God's people are discussed fully and in language easy of comprehension.

REAL ESTATE BUSINESS WILL RECEIVE STIMULUS

Already the real estate business in Richmond is being stimulated into activity, according to the announcement of several realty dealers of Richmond, and this stimulus is due, they say, to the certainty of the Richmond harbor appropriation being allowed by the national congress.

J. A. Waidheimer, one of the leading realty dealers in this city, is doing a very active business in property close in and outside subdivisions. He anticipates a big season in realty transfers this year.

R. W. Byrn, who makes a specialty of residence property and does a large business in farm lands all over the state, is of the opinion that from now there will be a marked improvement in the real estate business in this city and vicinity.

Mr. Hall, of the firm of Hall & Linton, states that already inquiries are beginning to come in for good income and business property in this city and he anticipates a good boom in Richmond before many months.

Miss Caroline Bedwell of this city left yesterday afternoon for San Jose where she will attend the state normal school at that place.

Mrs. A. C. Lang, who left with her husband the early part of last week for Los Angiese, returned to this city last evening.

The funeral of little Florence Perry was held yesterday afternoon from the Clark Undertaking parlors in this city. The interment being in St. Mary's cemetery, Oakland.

S. P. Skov, formerly roadmaster in San Pablo for Supervisor W. H. McBryde, has left for Los Angeles where he will handle a large farm. His place has been filled by L. L. Farrell of the Peoples Water company.

The Richmond Savings Bank is giving its clients a handsome account book for the wife to keep her household account in. We looked it over, and can't find any place in it for her to put down the amount found in hubby's pocket. And it is not like Crary to overlook important transactions of that kind, either.

The members of the Calvary Baptist church will hold a business meeting in the church on Tenth street this evening after the weekly prayer meeting. The new accessions to the church have been coming in so rapidly of late that arrangements will have to be made for larger quarters in which to hold Sunday services. Rev. Stewart, the pastor, is proving a live-wire and is interesting many who have heretofore been somewhat lukewarm in church matters.

Of the many pretty calendars of of the New Year being given away by enterprising Richmond firms, that of Stietvater's is among the most unique. It is not only a pretty picture and a calendar but a thermometer. The thermometer is to tell you how hot you get when the delivery boy is five minutes late in getting around with the goods. Wright Bros. have also sent out a fine calendar, only the picture of the family losing their home by fire is rather sad. This, however, is the only sad thing about the Wright Bros.

The board of supervisors have reappointed W. S. Tinning, M. R. Jones and J. E. Rodgers as trustees of the law library at Martinez.

The ladies of the First Methodist church will hold an "Experience Social" on the evening of February 13th.

The ladies of the First Presbyterian church wil hold a "Get Acquainted" social in the church parlors on Friday evening, January 9th.

The supervisors have named Warren H. McBryde to represent this county at a meeting of the internal waterways commission to be held in San Francisco in the near future.

The members of the Alumni association of the high school have completed their arrangements for holding a social evening sometime during the latter part of this month.

The members of Court Standard, No. 228, Foresters of America will install new officers this evening in A. O. U. W. hall. The new ritual will be exemplified at the meeting this evening for the first time.

Of the nineteen avoidable deaths, six or about 33 1-3 per cent were due to railroad accidents. Six, or another 33 1-3 per cent were due to explosives, through somebody's mistake. Three were due to faulty machinery or careless handling of heavy pipe. Three due to rapid automobile driving. It is noted that the eletric cars of this city, and all of the manufacturing paints of this city have been particularly free from serious accidents of any kind, which speaks very highly for the management of the same, and the care shown for the safety of the employees.

MESSIAH'S KINGDOM.

The Glorious Day of Divine Favor Is Nearing.

The period in which sin is permitted has been a dark night to humanity, never to be forgotten; but the glorious day of righteousness and divine favor is soon to be ushered in by Messiah. He, as the SUN OF RIGHTEOUSNESS, shall arise and shine fully and clearly into and upon all, bringing healing and blessing, which will more than counterbalance the dreadful night of weeping, sighing, pain, sickness and death, in which the groaning creation has been so long. "Weeping may endure for a night, but joy cometh in the MORNING."

NO MONEY FOR FILLING FRONT

MARTINEZ, Jan. 7.—The stretch of ten acres or less of municipally owned marsh land lying between the two wharves will not be filled in yet awhile. Secretary H. W. Wernse of the Richmond Industrial commission appeared before the city trustees last night and flatly told the members he could not see how it was possible for anything less than $10,000.

Mayor McNamara felt in his vest pocket, drew out a match, lighted his cigar and was equally positive in declaring that amount of money was not handy for such a purpose. Mr. Wernse explained that for $2000 nothing could be done. It would cost $500 to get the dredger here and as it requires electric power, a yellow back or two would be necessary to get the wires connected with the motor.

"We have to do our part in the construction of the state highway through Martinez and as most of it will run between property occupied by dead ones we will have to foot the bill," said Mayor McNamara, "and we have no means beyond $2000 to pay for such work."

Mr. Wernse expressed himself as willing at all times to aid Martinez. "That is the feeling in Richmond," he declared, "and as long as you are in Contra Costa county you are part of us."

CORPORATION TAX NETS STATE BIG SUM

SACRAMENT, Jan. —7.—The corporation license tax, which will be repealed June 30th this year by action of the last legislature, produced $2,426,756.25 in revenue for the state, according to a thre-year report compiled by Secretary of State Frank Jordan yesterday. Yearly collections made were as follows.

1911, $808,477.50; 1913, $808,963.75; 1913, $809,315.

From January 1, 1911, to January 1, 1914, the secretary of state's office collected a grand total of $3,416,602.62.

The motor vehicle department contributed in three years $204,483.50 toward this amount, and general office fees totaled $785,362.87.

Don't overwork your protest.

Life Saver

In a letter from Branchland, W. Va., Mrs. Elizabeth Chapman says: "I suffered from womanly troubles nearly five years. All the doctors in the county did me no good. I took Cardui, and now I am entirely well. I feel like a new woman. Cardui saved my life! All who suffer from womanly trouble should give Cardui a trial."

Take CARDUI
The Woman's Tonic

50 years of proof have convinced those who tested it, that Cardui quickly relieves aches and pains due to womanly weakness, and helps nature to build up weak women to health and strength. Thousands of women have found Cardui to be a real life saver. Why not test it for your case? Take Cardui today!

"CAN'T BE HELPED" SAYS SUPERINTENDENT W. T. HELMS

The Progressive club of the annexed district held a meeting last evening at the club house on Potrero avenue at which vigorous protests were made against the existence of an unsanitary cess pool at the Stege grammar school.

Jack Holiday was appointed a committee to take the matter of the condition of the cess pool up with the city council at its next meeting.

A Record-Herald reporter interviewed Superintendent of Schools W. T. Helms regarding the protest made at the meeting of the Progressive club last evening and that official said:

"The recent rains and floods in the Stege district filled the cess pools to overflowing with water and we have been unable to secure any one to pump out the water, as there seems to be no one who undertakes to do such work, and parties who were in the business have quit since sewers have been installed in Richmond. The cess pool is in a very bad condition, as are all the cess pools in that district, and the only solution of the problem will be the installation of the proposed sewer system. However, some temporary relief will be provided in the meantime."

LAZY HUSBANDS WILL HAVE TO HANDLE PICK AND SHOVEL

MARTINEZ, Jan. 7.—If the sentiment as expressed by members of the board of supervisors yesterday can be made effective, men who are arrested for failure to provide for their families and jailed, will be placed at work on the county roads hereafter at the rate of $2 per day and the amount earned will be turned over to the support of the families. This suggestion was offered during the discussion of a case originating in the first supervisor district when a request was made for an increase in allowance made to a family for support. It developed that the case was a pitiful one; that the husband and father of the family is in the county jail charged with failure to provide for his family of four children who have been cared for by Supervisor Warren H. McBryde and Probation Officer A. J. McMahon. A second case in the same supervisor district was called to the attention of the board by Supervisor Waren McBryde wherein a woman and seven children have been deserted by a heartless father and they are now dependent on the charity of the county. It was during the discussion of these cases that the sugestion for working delinquent heads of families on the county roads was made and the sentiment of the board was unanimous that this should be done. In this way the county can provide for its indigents and at the same time the parent can be made to shoulder a part of the burden. The suggestion is an excellent one and should be followed.

W. C. Morton, shingler of this city was arested this afternoon by Probation Officer O. M. Ackers of Fresno county, on a warrant charging him with having violated his parole. Morton was arrested in Fresno sometime ago charged with failure to provide and was let out on probation. He immediately violated his parole by disappearing from that town and finally showing up in this city. He will be taken back to Fresno this evening.

Words of Praise

For MAYR'S Wonderful Stomach Remedy

"How thankful we are to you for getting a hold of your wonderful Remedy. My wife could not have had but a short time to live if she had not taken your Wonderful Remedy when she did. One more of those paraxysm pains she was having would have killed her without a doubt. Now she is free from all pain, free from heart trouble and free from that disturbing Neuralgia—all the results of five treatments—and the expulsion of five or six hundred Gall Stones. Now she is able to eat anything she wants and her appetite is good and before taking your medicine she had no appetite and when she ate anything she would suffer death for so doing and could not sleep at night; since taking your remedy she sleeps well all night long. T. A. NEALL, Roanoke, Texas."

The above letter should convince you more than anything we could say in behalf of **Mayr's Wonderful Stomach Remedy.** Sufferers should try one dose of this Remedy—one dose should convince them that they can be restored to health. Nearly all Stomach Ailments are caused by the clogging of the intestinal tract with mucoid and catarrhal secretions allowing poisonous fluids into the Stomach and otherwise deranging the digestive system. **Mayr's Wonderful Stomach Remedy** painlessly removes these secretions without a surgical operation and puts an end to Colic Attacks, Gases in the Stomach and Intestines and all of the usual symptoms of Stomach, Liver and Intestinal Ailments. Ask your druggist about **Mayr's Wonderful Stomach Remedy** or send to Geo. H. Mayr, Mfg. Chemist, 154 Whiting St., Chicago, Ill., for free booklet on Stomach Ailments and many grateful letters from people who have been restored. For sale in Richmond by Richmond Pharmacy and druggists everywhere.—Advt.

PYRAMID OF GIZEH NO LONGER ENIGMATIC.

Unexpected Conclusions.

The very stones of the Great Pyramid of Gizeh are crying out in no uncertain tones. Every inch of the massive structure, with unerring precision, reveals the solutions to problems which for centuries civilized nations have spent fabulous sums in vain to find and which men of science have encountered hardships to analyze.

This wonderful testimony of the Great Stone Witness, with its general description and storehouse of Truth, scientific, historic and prophetic, with Bible allusions to it, the importance of its location and verifications of astronomical and geographical deductions, is an extensive chapter of a volume which may be obtained by sending 35 cents to the Watch Tower Society, 17 Hicks Street, Brooklyn.

TURN HAIR DARK WITH SAGE TEA

Grandma kept her locks dark, glossy and thick with a simple mixture of Sage Tea and Sulphur

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's treatment, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product called "Wyeth's Sage and Sulphur Hair Remedy" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive; besides, prevents dandruff, itching scalp and falling hair. —advt.
